NHS Test & Trace

NHS Test and Trace is a key part of the country's ongoing COVID-19 response. If they can rapidly detect people who have recently come into close contact with a new COVID-19 case, they can take swift action to minimise transmission of the virus. This is important as lockdown measures are eased and will help us return to a more normal way of life and reduce the risk of needing local lockdowns in the future.

Libraries have been asked to help NHS Test and Trace by keeping a temporary record of our customers and visitors for 21 days and assist with requests for that information if needed. This could help contain clusters or local outbreaks of Coronavirus.

PLEASE COMPLETE A TEST & TRACE FORM

THIS WILL BE HELD SECURELY AND DESTROYED AFTER 21 DAYS.

YOUR INFORMATION MAY BE SHARED WITH NHS TEST & TRACE BUT IT WILL NOT BE USED FOR ANY OTHER PURPOSE.
